To Whom It May Concern:

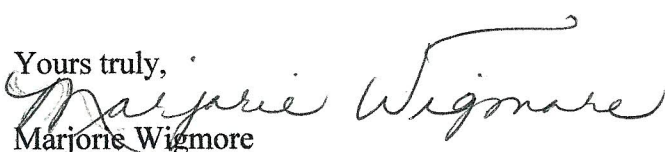

Re: Letter of Reference & Recommendation for Gerda Malan

I have worked with Gerda Malan for seven years as the Director and Teacher at Foothills Alliance Preschool. However, she has been in our school since 2003 also teaching a kindergarten class. I have found her to be an amazing teacher - very organized, efficient, considerate, approachable, and of utmost spiritual convictions. She has always gone the extra mile to do more than expected. Gerda has a great love for children and strived to do the very best to guide and direct children in their early education. She has a keen eye for detail and always makes sure that each task is done to its highest proficiency and very creatively.

She is very musical and has added a wonderful 'Music and Movement' element to both her kindergarten and preschool daily program. Gerda plays the piano with proficiency and has used lots of rhythm instruments, dance, streamers/scarves, and other learning tools to help the students learn musical beats and to make music exciting and fun. Gerda recognizes that everyone needs music and she brings out the magic of music in children!

Gerda always taken time to share a few moments with our staff, parents, and children in a friendly manner. All our preschool and kindergarten staff really appreciated her kind and helpful attitude. She often is asked to substitute teach other classes whenever she is available. We wish her God's best in her future endeavours.

Yours truly,

Marjorie Wigmore
